Friday:

Work Day for Family Pedigrees

Homework: Family Pedigrees (due Monday!)
Back Page (due Wednesday)

Genetics Test – Part 2 Wednesday

Reading--Mrs. Sturgis

This week we are continuing to read Skeleton Creek. We will finally wrap up this novel in the next couple of weeks. The students have enjoyed watching the videos that go along with the chapters as well as all of the suspense included! This week we will review writing a persuasive paragraph on the theme of Skeleton Creek, including a claim, text evidence and warrant.

During small group time, we will work on the ending blends--ng and nk, as well as the "ph" sound.

Homework:

1. **Reading Logs given out each Monday and collected the following Monday (minimum of 20 minutes of reading each night). A parent signature will be required each night. This weeks reading log is required:)**
2. **This week only 4 days/signatures are required:)**

English 7- Mrs. Gray

English 7:

Monday: Finish counterclaim/start presentation

Tues: Work on presentations/review vocab

Wed: Practice vocab/ study for vocab quiz

Thursday: Vocab quiz/ Start Presentations

Friday: Start Presentations

Monday- Word of the Day --work time for Argument project (all materials in Canvas)
Tuesday- Word of the Day --work time for Argument project (all materials in Canvas)
Wednesday- Library--Word of the Day Quiz 5 (materials for studying in Canvas)
Thursday- Argument Project Presentations
Friday- Argument Project Presentations

Title Reading, Ms. Lehmann

Students need to read Newbery books daily according to their packets. Each day has assigned pages and vocabulary is on their own. They will do an assignment every other day, which is also in the packets. Their first week of grading has been entered in Skyward.

Title Reading, Mrs. Carlson

Students need to read (self-selected books) for 20 min. each day, or 100 min each week. This reading should be done at home, on the bus, or during ISE.
They need to write two summaries in their Recreational Reading logs each week.
Book logs are due on Friday of each week.
Grading information is the same as shown above in Ms. Lehmann's Title Reading class.

ART 7 - Mrs. Oberding-Carlisle

Monday - Beginning Ceramic Masks - rolling slabs
Tuesday - Adding additions to clay mask

Wednesday/Thursday - completing ALL Mask Creations in clay

- **Steampunk Mixed Media Art is DUE from last week**
- **Steampunk Vocabulary Quiz Retakes DUE by Thursday afternoon**

<u>Academic Foundations 7</u> - Ms. Ehrenberg

Monday - CNN Student News, 3D English
Tuesday - ACCESS 2.0 Listening
Wednesday - Interactive Journaling
Thursday - ACCESS 2.0 Reading
Friday - CNN Student News

<u>Band - Mr. Boll</u>
Week 4 (Blue) Practice Chart - worth ½ credit (late) if turned in this week (Mon-Thu)
Week 5 (Green) Practice Chart - due this week for full credit (Mon-Thu)
Week 6 (Yellow) Practice Chart - pick up this week / due on the first band day next week
Practice Assignments:

- **Haunted Clocks:** Know the fingering/slide position for all accidentals (flats, sharps, naturals) found in your music. Practice it at a faster tempo.
- **Blue Rock:** Focus your practice on notes/rhythms from 49-end.
- Start practicing your **SECTION SONG**. If you haven't received it yet, you will get it this week.
- **Kookaburra quiz retakes are due by Thursday.** Schedule an ICE time appointment with Mr. Boll. No quiz retakes may happen after this deadline.

<u>Ms. Lehmann's Reading</u>:
We are working on a Newberry book unit, so instead of a reading log, students have required reading pages each day in their novels. They have Reading Strategy assignments that must be completed every other day which are due when they get to class the next day. On odd days or "just reading days" we will have class discussions.Along with the reading, students are expected to do a vocabulary study.

<u>Ms. Lehmann's Math Resource</u>
Students need to practice their **math facts** as often as possible! It's not a homework assignment, but any time you can encourage your child to work on it will be helpful! Most are on multiplication (used a LOT in 7th grade math) but addition and subtraction need to be very automatic. When multiplication is fluent, go on to division!
Practice in the car, have a contest, challenge each other!
Thank you!

<u>Mrs. Salazar Spanish 7th</u>
