# EAU CLAIRE AREA SCHOOL DISTRICT

### About the iPad – OneDrive Photo Backup

Since our students had never brought their District-assigned devices home over the summer, we couldn't predict the potential issues this may cause regarding the device's ability to function long-term and into the new school year. As a reminder, your student's District-assigned iPad is meant for school use only. To prepare for a possible iPad reset, we are providing this guide for families to review the material (pictures and videos) your student has stored on the device and effectively backup any school-related content (pictures and videos) in their OneDrive cloud storage content so that they are not lost. Any personal pictures and photos should be transferred off the student's District-assigned device and into your family's preferred storage for keeping long-term.

#### **Prepare for Backup**

- Select and delete any pictures or videos on the iPad that aren't wanted to be saved.
  - More pictures and videos will take longer to upload and backup.

Download OneDrive App

- Tap Self Service app
- Scroll down to OneDrive app
- Tap Install or Reinstall
- Press the Home Button to return to the Home Screen

### Login to OneDrive App

- Tap the **OneDrive** icon to open the app
- Provide your ECASD email address and tap the blue arrow
  - o You'll be taken to the ECASD login screen
  - o Enter your ECASD email address
    - Tap Next
  - Enter your ECASD password
    - Tap Sign in
