

Greetings,

I have posted this weeks assignment on Canvas. We begin the process of working on new materials this week, but to add we need to refresh some of your skills. This weeks lesson is a refresher on sections and creating objects. Please access Canvas, this weeks provided code, and complete the activity. Save your code into a folder as labeled in Canvas, compress (zip), and send it in for grading via Canvas.

Last night the school board approved the grading process for quarter 4 and semester 2. Please complete your work so I am able to pass you and allow you to earn credit for this class. If you are having technical issues or do not understand something, please communicate with me and we will get the issue resolved.

Take care and be safe!

Mr. Smith
