

Greetings,

I have posted this weeks assignment on Canvas. We will continue the process of working on new materials this week. This weeks lesson is a continuation on board feet calculations. Please access Canvas and complete the spreadsheet for both projects identified. Take a photo or scan the completed spreadsheet and send it in for grading via Canvas.

Please complete your work so I am able to pass you and allow you to earn credit for this class. If you are having technical issues or do not understand something, please communicate with me and we will get the issue resolved.

Take care and be safe!

Mr. Smith
