

In Memory of

Ronald R. Rau

Class of 1974

Rodney was a very caring person, he loved to go hunting and fishing with his dad, brothers and uncles. He loved to roller skate with his friend Joe. He was very good at it. He also enjoyed snowmobiling, and spending time with his girlfriend Nancy. Rodney loved his animals, he couldn't stand it if one got hurt. He didn't like to see people unhappy, he was always smiling and clowning around. He liked to work on farms and liked being outdoors. He played in Little League when he was young and was in wrestling in High School. He, his brothers and friends played a lot of sport activities after school. He even played sports when he had a cast on his arms or legs. He wouldn't let a little thing like a cast stop him from playing, he was dedicated. Rodney also enjoyed working with wood, he made a hutch, bookcase and wall sconces for his mother. He did a beautiful job. I'll always cherish them. Rodney had a deep religious faith in

God. Others came to know God through him. He had many friends. Rod loved people, animals, and life. We will always cherish the time we had with him. Rodney also spent some summertime with the Army National Guard at Fort Dix New Jersey. (Written by his mother Maryls Berg)
