

In Memory of

Ronald Carey

Class of 1960

Born ? - Died ?

IN MEMORIAM - Ronald Carey became the victim of a highway crash early this year that stunned everyone who knew him. Remembrance is often in little things. A bit of conversation that seemed trivial at the time, a twinkle in the eye, caught and shared at the right moment. A small kind gesture, the sound of a voice in greeting. You wonder why these little things are what you remember when your feeling for a friend was so deep.

We wish we could have spared you from this Ron, but perhaps a little of each of us has ventured farther into eternity for having known you.
