This scholarship was established in loving memory of Donald E. Moss who was born August 13, 1954 in the town of Seymour. He was born and raised on a dairy farm and learned early in life what it meant to work hard. As a young boy he became an avid outdoorsman. His love for hunting and fishing followed him his entire life, teaching him the true meaning of sportsmanship. He had endless determination and to him that meant he could do anything he put his mind to. That determination was what made him a successful business owner and great golfer. Don loved life and lived every day to the fullest. He died February 28, 1999 as the result of a snowmobile accident. His love and dedication for family and friends initiated this scholarship to keep his name and memory alive. Don lived by that old saying **“Never give up”** and if he were here today he'd tell you all to do the same.
