North High Weekly

✦✦ Handbook Highlight ✦✦

Work Permits:

State Law requires everyone under 16 years of age with a job to have a work permit. A permit is issued by the principal's secretary or in Student Services. Work permits may be denied if the student has attendance problems as court ordered. Students must be present and are responsible for providing the following information: a letter from the employer on business letterhead, approval note from his/her guardian, a birth certificate OR driver's license, social security card.

Heading to school! What should I know?
Thinking about missing another day?
Research shows that improving
attendance by just 5 days a year leads
to higher achievement in:

✓ Reading ✓ English ✓ Math
