Some skills to include could be cartwheels, forward roll, backward roll, handstand, bridge, pencil roll, log roll, egg roll, etc. Only do what you are comfortable doing, and can do safely!</p> <p><b>**Bonus Activities for this week:</b></p>

1. If you have an object and appropriate space at home, practice volleying! (skill practice and review)
2. Hi friends! I am also starting an optional game with you, called “PE PEN PALS: Where in Eau Claire is Mrs. Johnson?” Each week I will have a picture here of myself exercising at a location in Eau Claire. If you know the answer of where I am, become a Pen Pal with me! Write me an email with the answer, while also sharing a picture of yourself being active! We can write back and forth and I will also be able to see different ways you are keeping your body active and healthy while you are at home.

Game: “Where in Eau Claire is Mrs. Johnson?”

This week, Mrs. Johnson is practicing her balances at this location in town. This is a tricky one! This is where I take my kids to go sledding in the winter, but there is a park there too. Do you know where she is?!

# Art

## AT-HOME LEARNING DIRECTIONS:

Choose from the options below (choose one or both) to explore the Art Element of Space. I would love to see what you have made, please send images to my email [jschaller@ecasd.us](mailto:jschaller@ecasd.us) .

THIS WEEK'S ELEMENT OF ART FOCUS IS **SPACE**

Space: Is the area between and around objects.

### ART CHOICE #1: Big vs Small Monsters

One way to use space is to make things big and small.

Directions: Let's make monsters! Draw two monsters on the same piece of paper. One monster should be large and one should be very small.

Remember, a monster can look like anything. Use your imagination to create your own monster!

Bonus Project Idea: Notan

If you have time, color your monster with any art supplies you have at home!

**ART CHOICE #2:**  
Monsters Near and Monsters Far

One way to use space is to have objects close drawn large and objects far away drawn small.

Directions: Let's make monsters! First, draw a background of a place where you think monsters would live. After you finish your background, draw two monsters. One monster should be large and toward the front, and one should be very small and in the distance.
