

Dear Families,

Below are the at-home learning activities for your child for the next week. As a district we have recommended 300 minutes of learning activities per week (60 minutes per day) broken down into reading/writing, math and MAPE (music, art and physical education). If you find that you are looking for additional activities and/or resources to do with your child during the week, below are bonus activities that you may find useful as well.

If you have any questions, please feel free to reach out to your child's teacher, Mr. Grant, cgrant@ecasd.us, Miss Greer, mgreer@ecasd.us, Mrs. Sturz, ssturz@ecasd.us

Thank you for your support,

Mrs. Kneeland and the Fourth Grade Team
