

May 19, 2020

Dear Families,

Attached is the Fourth Grade At Home Learning Plan that begins tomorrow. It is also posted to our school webpage.

Typically in the spring of fourth grade, we teach one Growth & Development lesson. We split the boys and girls and show a video about changes that happen during puberty. If you are looking for resources to help you with this topic at home, Mr. B shared the following videos with us:

- Boys: <https://www.youtube.com/watch?v=G57Suq7JpQE>
- Girls: <https://www.youtube.com/watch?v=OR1XJZ0xRSo>

Thank you for all you are doing to help your child during this final push to the end of the year. We appreciate you!

The Fourth Grade Team

Mr. Grant, Miss Greer, & Mrs. Sturz
