

Instructions for Fall 2021 Online Sports Registration:

Please read through these instructions in their entirety before using the Registration Link at the bottom of this page. (Please Note: Safari Browser has created some difficulty in the past. Use something other than an Apple device if possible)

Athletic Code:

All student athletes and parent(s) or guardians must attend an Athletic Code presentation once per school year. This may be done in person, or virtually when offered. You will be asked to acknowledge receipt of athletic code information during the online registration process.

Sports Physicals:

All student-athletes must have an up-to-date sports physical prior to participation in any athletic program. Sports physicals must be completed after April 1, 2020 to be valid for the 2021-2022 sport seasons. Physicals must be documented on the WIAA Sports Physical form only. These forms are available from the North High School Athletic Office or can be [accessed here](#). We cannot accept other documentation, such as well-child checkups or physicals received on any other form.

2021-2022 PHYSICAL FORM

New physicals can be uploaded into the registration system or paper copies may be delivered to the Athletic Office instead. Physical dates in the registration system are updated by the North High School Athletic Assistant. (Use the registration system in the future to check back to see when your next physical is due.)

Athletic Fees:

Athletic Fees will be set by the ECASD and information regarding payment methods will be sent to student-athletes after they have registered.

Athletic Registration:

Online athletic registration will be used for the 2021-22 school year. Students may not participate in any practice or competition until the registration process is complete.

Families who have utilized the online registration in the past will be considered “Returning Users” even if registering a new family member. (Use the “forgot password” feature if necessary) “Returning Users” will not need to re-enter information for previously registered students; they will only need to update information if necessary. Be sure to update the student’s grade level and choose the appropriate sport season for the Fall of 2021. Additional family members should be entered under your existing family account as needed.

Only families who have never utilized the online registration process in the past should follow the process for “New Users”. Please have medical, insurance and emergency contact information available to begin.

You may begin Online Registration Process by clicking [HERE](#):

Once on the Online Registration page, look for the Activities Team Registration Icon shown below to begin:
