This job description in no way states or implies that these are the only duties to be performed by the employee occupying this position. Employees may be required to follow other job-related instructions and to perform other job-related duties as requested, subject to all applicable state and federal laws. Certain job functions described herein may be subject to possible modification in accordance with applicable state and federal laws.

Job Summary

The Teaching and Learning Coordinator PK-12 Math is responsible for working with a team to provide curricular leadership across subject areas under the direction of the Directors of Teaching and Learning with a specific focus on mathematics. Teaching and Learning Coordinator PK-12 Math, in collaboration with other district departments, assists with the implementation and development of the District Equitable Multi-Level System of Supports framework across all schools and provides knowledge, guidance, and support to braid academic and behavioral systems at the universal, selective, and intensive levels to increase student achievement for all students.

Essential Job Functions

- Develops, coordinates, monitors, and evaluates the District's academic programs with an emphasis on the mathematics program and oversees updates of the curriculum in support of the District's strategic plan.
- Develops and implements ongoing professional learning plans in collaboration with other team members of the Teaching & Learning Department
- Develops and implements follow-up plans for curriculum revisions and instructional materials and adoptions.
- Works with schools to develop and implement mathematics program models that meet and exceed federal and state grants/regulations.
- Works with administration to support and implement the mathematics curriculum.
- Studies and evaluates instructional strategies and materials including extensions and accommodations for differentiated instruction.
- Provides leadership to assure correlation between district curriculum and state/national standards.
- Provides coordination and expertise to ensure systematic and continuous PreK-12 programming in mathematics.
- Assists with coordination of Tier II/III supports and services within mathematics.
- Provides input for the Teaching & Learning budget.
- Leads and coordinates mathematics professional learning.

- Coordinates projects with other coordinators and directors across the Teaching & Learning Department
- Coordinates the PK-12 mathematics curriculum with other programs and support services within the school district.
- Works with PK-12 building principals and teams to implement the mathematics program.
- Assists with coordination of support for new teachers.
- Coordinates with other Teaching & Learning staff for post-secondary transition opportunities for students and the development, implementation, monitoring, and evaluation of Programs of Study
- Develops, coordinates, and serves as liaison with community organizations and post-secondary institutions including the collection and sharing of program related data.
- Acts as a resource person to PK-12 teachers to implement the mathematics program.
- Assist with the evaluation of the PK-12 mathematics program in collaboration with a team.

Ancillary Job Functions

- May chair a parent-advisory committee.
- Performs other related duties as assigned.
