About Blended Learning in the ECASD

The goal of Virtual Learning in the ECASD is to provide the same level of support, instruction, and engagement as we do during in-school instruction. Please consider the following guide to help your child enjoy their online learning experience. For more information and support, please visit the ECASD Website at www.ecasd.us

ECASD Login (Authentication) Information

Student username: 5-7 digit number (e.g. 1234567)

Student email: username + @ecasd.us (e.g. 1234567@ecasd.us)

- Used for ECASD LDAP logins *(see figure 1)*

Student password: 5-7 digit number (In most cases, student's lunch pin)

If you do not know your student's password, please contact IT411 (852-3411).

Figure 1

Student Technology Resources

Many student login portals are available on the District Start Pages *(see figure 2)*: https://www.ecasd.us/Start-Pages

The District website tech support and guides:
https://www.ecasd.us/District/COVID-19/Tech-Support-and-Resources

Self Service App (iPad Downloads)

Company Portal (Windows 10 Device apps)

Clever is a secure portal for students to access many District provided resources *(see figure 3)*: http://www.clever.com/in/ecasd

Figure 2

Virtual Instruction Resources

Virtual, face-to-face instruction will take place in Microsoft Teams

- Pre-loaded on all District devices (iPads, laptops)
- Login using student email and password
- Students meeting schedule to show in Microsoft Teams 'Calendar' button.

Figure 3

Student homework and assessments will be facilitated through the District-adopted Learning Management Systems.

- Grades PreK to 2: Seesaw (Login through app, using Clever option; Student email/password)
- Grades 3 to 12: Canvas (Portal in District website & Start Pages; Student email/password required)

District Supported Communication

- Email (ECASD emails end with @ecasd.us)
  - PreK-2 may be using their child's ECASD email
- Microsoft Teams (virtual, face-to-face)
- Phone
- District web-pages (www.ecasd.us)
- School building Facebook pages and subpages

Parental iPad Management

The Jamf Parent app provides parents an opportunity to manage their child's iPad usage.
