

## Parents:

Thank you for your patience and understanding during this unprecedented time. Everything seems to change often, so it is hard to put a set of expectations/guidelines in place for our students.

Your child's ipad/charger have been sent home. This will allow them to stay connected and to learn through various web searches. We have listed some sites they may like:

- [mysterydoug.com](http://mysterydoug.com)
- [wonderopolis.org](http://wonderopolis.org)
- [readworks.org](http://readworks.org)
- [seterra.com](http://seterra.com)
- [timestables.com](http://timestables.com)

You will also see some review packets in your child's bag. These are optional activities, and items your child should be able to do on their own. We also included math card/dice games to make their learning fun and active.

Finally, as with all breaks...the most important thing you can have your child do to aid their learning is to have them READ!! In addition to the many books we have sent home, the students should be able to use SORA and a variety of other ebooks. Make this a daily routine...better yet, have them read multiple times per day! Along with reading, it is important for the students to write as well. It is up to them....either make a daily log of what they read, OR, write a journal for all books/articles they finish reading.

We are available via email throughout this entire break. Please reach out with any questions: [mpeplinski1@ecasd.us](mailto:mpeplinski1@ecasd.us)      [bsommer@ecasd.us](mailto:bsommer@ecasd.us)
