

June 2nd, 2020

Good morning Kindergarten families!

Here is the link for the lesson plans for June 3-June 5. To have a bit of fun this last week of school we changed the format of the lesson plan to be a game board. You can travel one space at a time and complete the activities to get to the finish line!

In order to save money, ECASD is switching their video server to work directly with Ensemble. What does this mean for you? Teachers have been asked to go through old videos from lesson plan links and delete unneeded videos. As a team, we plan to delete April videos. On June 30th, links to previously existing videos will no longer work. There have been a few conversations with families regarding finishing lessons at their own pace. Please try to have all your learning complete by June 30th as you will no longer have access to video links.

Return dates for library materials and technology have been established. Our return dates are June 8 & 9 from 11 am – 6 pm. We will be using a drive-through procedure in the school parking lot. Families with a last name A-M should come on the 8th and last names N-Z should come on the 9th. Library books should be sealed in a plastic bag. Technology should be kept out of the bags as it will need to be checked for damage before being returned.

Raz-Kids accounts were created on a limited free trial account. You have about two weeks to continue to use the website before the trial ends.

Report cards will be mailed home to you. In the comments section under “behaviors” you will see who your child’s teacher will be next year.

The district will make available an "At Home" Summer School experience for our students, taking place from July 27 - August 13. Summer school registration began yesterday, June 1st. You can register here:

[https://www.ecasd.us/District/Departments/Teaching-and-Learning/Summer-Programs-\(1\)](https://www.ecasd.us/District/Departments/Teaching-and-Learning/Summer-Programs-(1))

We’ve had a great time working with families this year. We hope you have a wonderful summer!

Love,
The Kindergarten Team
